

Steve's Holiday Greeting

Greetings to all at this Wonderful Time to give thanks!

It has been a wonderful couple of years in Ambit Energy. It has been exciting for all of us as we are the Pioneers of not just Ambit Energy, but the Evolution of the Industry. We are nearly up to the ground floor now, so get ready to start working with all the New Folks that are about to “Get in on the Ground Floor” (We are almost up to the Ground Floor)!

That’s right. More people will join Ambit in the next year than in the past 2 Plus Years. Dramatically More! Those Consultants will join the Team of the Leaders that Get Excited, Stay Focused and Never Ever Quit! Now is not the time to rest on our past, as the Big Game is Just Beginning! New Consultants will join this year that grow Tremendous Teams, FAST!

We are the Industry Leader now, so there are others jumping in to our industry to try and grab a piece of the market. Most do not have the Financial or Management Strength to weather the storms and make a lasting impact. They look exciting, as it is always exciting to be first, but remember, Ambit Made It! We are the Industry Leader, about to open our 4th state. Sure others say they open half the universe at once, but that just reflects on the Management Skill. It is our methodical Expansion that allows you and I to have an impact, Territory by Territory. The key is that it Allows, not Gives.

It takes total focus to become Hugely Successful. Now that you choose #1, stay focused and find your success. Every time you move, you have to start over and the only guarantee is that Ambit is strong enough to weather the toughest economic times in our lifetime. It is going to take that financial strength, with Jere and Chris’s Leadership, to find sunshine in this storm. I am so glad I chose right and NO ONE IS GOING TO STEAL MY FOCUS! Congratulations. Just like me you find yourself in a company where everyone else wants what we have!

And it is with Electricity & Natural Gas!

Well here we are in the Holiday Season. It is definitely a time to Give Thanks, but not the time to rest. Why do I say that? Isn’t it true that in all of the MLM Industry the Holiday Season is the slowest? Yes it is true. Just like building a Space Shuttle is the slow time in Space Exploration. The Consultants that push and build harder now, position themselves for the greatest results in what comes in January, The Fastest Growth Time In The MLM Industry. Knowing this and taking action now, gives you a huge Head Start. It worked for me!

That’s right. I started building my Ambit Business in November and December, the supposed “Slowest Time of the Year” That Massive Action furring the Holidays, positioned me for Tremendous Growth in the following year. My business achieved strong momentum while others were waiting out the “Slow Season”. I credit that with a great deal of my success on the road to becoming a Top Money Earner. When others slow down, speed up! Then when others speed up, your larger group will be caught up in the Momentum! And Massive Success is all about Momentum!

As you have more success, more and more companies will contact you. IT is like becoming a Professional Athlete. Everyone want to add a Professional to their Team, ESPECIALLY THE WEAKER TEAMS! Be careful not to be led off to where you can be the leader of a Losing Team. Professional Athletes sometimes do that because of the Millions they receive for the move. But they know theirs is a short lived career, and there is no pay when they stop. We have decades of growth ahead of us, and if we stay with a Proven Winner, we will get paid for years after we stop playing as frequently.

My goal now, is to help as many people taste the Success that I have been Blessed With. Because it is you that allowed me that Success, But it did not come without work. I have worked harder for the last 2 years than ever before in my life. I had to give up a lot of other activities for that short period of time, but now the Blessings are Endless. Are you willing to do what it takes to achieve a higher level of Success than you ever had before, or are you slowing down to invite Mediocrity?

Thanks to the many new friends I have met and worked with over the last two years in Ambit. I look forward to meeting many new people and watching some of you become Great Leaders, Living Your Dreams. Guess who gets to make that choice?

So Happy Thanksgiving. I am thankful for all of you and for this great country and world we live in. I am Very Thankful for the Ambit Success and will not take it lightly. There is plenty of room at the Top, so help lift your neighbor and yourself out of the crowded bottom land, and come Climb the Mountain with us.

Together, Everyone Achieves More!

To Success,

Steve Thompson
